

# THE ENVELOPE PLEASE...

Teach children how to be smart with their money by helping them make special envelopes!

## Instructions -

- 1** - Talk to your child about the ways they can spend money. What do they want to buy or save for? Who might they give money to (church or special charity?) Once they know what motivates their spending/saving, they can begin to make a plan for their money.
- 2** - Print the coloring page with the Give-Save-Spend circles. Give your child the sheet to color the circles and cut them out.
- 3** - Next give your child three envelopes and explain that they are creating three envelopes - one for giving, one for saving, and one for spending. They can then attach one circle to each and decorate the envelope with any other craft supplies you have that they wish to use.
