

Extra leaves from your suncatcher?
Let's make some

LEAF PEOPLE

SUPPLIES NEEDED:

- Leaves of all shapes and sizes
- Glue
- White Paper
- Markers or googly eyes

Instructions - EASIEST CRAFT EVER!

- 1 - Place your leaves on the paper in the shape of a person.
- 2 - Glue them down to the paper.
- 3 - You can add googly eyes if you have them or draw on eyes and a mouth.
- 4 - DONE! Be creative and try something new. If you have a laminator available you may want to laminate your paper. You can also use more clear contact paper to put on top of the paper. Because leaves continue to dry out and get crunchy either of these ways will help your project last longer. If you choose not to do either then make sure the leaves are glued down good or the edges will start to curl as they dry.
