SNOW ICE CREAM

Snowy days can be FUN both outdoors AND indoors... especially when you bring snow INSIDE to make our

INGREDIENTS:

One Large Bowl of Snow

1-Cup Milk

1/2-Cup Sugar

1-Tbsp Vanilla

OPTIONAL TOPPINGS:

Sprinkles

Chocolate Syrup

Fruit

STEP #1: HEAD OUTSIDE TO COLLECT THE SNOW

The first step in making your snow ice cream is to suit up and head outside and collect a giant bowl of clean snow. TIP: Leave the bowl outside the door when you come in to change so you don't risk your snow melting.

STEP #2: ADD THE INGREDIENTS TO THE SNOW

First add the milk - slowly pour it into the snow - stirring it as you go so you can adjust the amount used based on the amount of snow you have in your bowl. Then add the sugar and vanilla.

STEP #3: ADD TOPPINGS

Sprinkles? Chocolate Syrup? Fruit? Anything goes at this stage! Spoon some of your Snow Ice Cream into a bowl and add your favorite toppings. YUM!!
